#### 1 JEW, 3 ARABS KILLED IN NEW PALESTINE DISORDERS

JERUSALEM, Sept. 22. (JTA) -- An Arab and two Arab boys were killed today and four persons injured, two of them seriously, in a bomb explosion near the Central Prison of Jerusalem. An unconfirmed report said a Jew was detained in connection with the bombing.

The Jewish death toll in 22-week-old disorders reached 86 when British soldiers, searching a forest of the Palestine Colonization Association near Tiberias, found Haish Dehan with his skull crushed.

Another Jew, Itzah Slutzki, 59 years old, was gravely wounded this morning in an ambush.

The Arab Supreme Committee, meeting to consider continuation of the general strike against the Jews and the Government, took no decision.

Arab orange growers, in an ultimatum to the committee, demanded liquidation of the strike, according to the Hebrew daily, Haaretz.

The committee denied a report published in London that it was sending a delegation to London coincident with the convening of Parliament, and that it had called upon Iraq and Persia to press the Arab case before the League of Nations and the Hague Tribunal.

A Government communique today revealed that 1,646 Arabs and 218 Jews have been convicted on charges arising from the disorders. Acquittals totalled 710 Arabs and 71 Jews. Cases yet to be heard include 287 Arabs and 57 Jews.

#### British Cabinet Confers on Situation

LONDON, Sept. 22. (JTA) -- The British Cabinet met today under the presidency of Ramsay MacDonald to take up the Palestine situation again.

The Second Battalions of the Hampshires and West Yorkshire regiments left for the Holy Land on the steamer California.

The Havas News Agency quoted reports that the Turkish Government has offered to use its influence over the Palestine Moslems to effect a pacific settlement of disorders in the Holy Land.

While official circles remained non-committal, Havas said, their open satisfaction over a forthcoming visit of Turkish Premier Ismet Inonu to London was taken to reflect some optimism on this score.

Formulation of an Anglo-Turkish-Egyptian accord designed to frustrate any eventual Italian coup in the Mediterranean was predicted as a possible result of the visit.

#### Hull Hears Britain Blamed

WASHINGTON, Sept. 22. (JTA) -- Senator Royal S. Copeland, in a report to Secretary of State Cordell Hull on conditions in Palestine, yesterday accused the British Government of responsibility for the political unrest there.

The New York Senator, recently returned from a tour of Palestine in the company of Senators Daniel Hastings and Warren R. Austin, informed Mr. Hull that current disorders, which he said had caused more than a thousand deaths since April 19, were continuing.

In a letter to Mr. Hull, Senator Copeland said the lives of 12,000 Americans in Palestine were endangered by the disorders and urged intervention by the United States with Britain.

#### TEL AVIV COUNCILLORS GATHER AT DIZENGOFF'S BEDSIDE

TEL AVIV, Sept. 22. (JTA) -- City councillors gathered tonight at the bedside of Meier Dizengoff, 75-year-old mayor of this all-Jewish city, as a physicians' bulletin reported his heart weakening under the strain of pneumonia.

Dr. Marcus, one of his physicians, left an operation on a Jew gravely wounded in an ambush, to be at the Mayor's bedside.

Dr. Chaim Weizmann, president of the Jewish Agency for Palestine, and Lord Melchett, British industrialist, cabled inquiries about Mr. Dizengoff's condition.

#### JEWS TO BE SEGREGATED IN GERMAN SCHOOLS

BERLIN, Sept. 22. (JTA) -- A law requiring segregation of Jewish children remaining in State schools is under preparation by the authorities it was announced today. The law will provide that only Jewish instructors may teach Jewish children, and only "Aryan" teachers teach German children.

In most parts of Germany, the segregation within the schools has already been effected by administrative order, and the new law will give legal backing to it.

A decree issued last year provided for separate schools for Jews, but difficulties in establishing a Jewish school system led the authorities to modify this by permitting gradual withdrawal of Jewish children from the State schools.

A project which would legally enable the authorities to confiscate Jewish realty on the ground that the nation owns all property was revealed today in an announcement sent to a number of Nazi Party leaders and Government officials for "expert examination."

The projected law, which does not specifically refer to the Jews, is based on the "voelkischen" (national) principle. It provides:

- 1- The State is the supreme owner of all the lands in the Reich.
- 2- No one has absolute ownership of realty. Owners have the right only to maintain, administer and utilize property.
- 3- The State is entitled, with compensation, to deprive anyone of realty if he violates his obligations to the State. It can also designate the management of property.
- 4- The State is entitled to order how realty is managed and can also direct alterations of estates. If any changes result in damages, the owner can demand compensation.
- 5- The State can compel anyone to sell realty if his holdings are considered too extensive.

Robert Ley, head of the German Labor Front, indicated in an address to a conference of Nazi propagandists, that measures would be taken against Jews in commerce and industry.

"The will of the Nazi Party will be applied to commerce and artisan-ship," he said. He spoke for an hour, giving instructions and outlining steps to be taken to this end. Similar conferences were held in various parts of Germany.

#### GERMAN PRESS ADVISES JEWS NOT TO FLY ZIONIST FLAG

BERLIN, Sept. 22. (JTA) -- German newspapers advised Jews today not to display the blue-white Zionist flag, although this is the only emblem they are permitted to fly under the Nuremberg "ghetto laws." The papers warned that displaying the Zionist flag might lead to disturbances.

A warning to Jews not to deal in toys bearing the swastika emblem or to sell postcards depicting Nazi scenes and leaders was sounded by the press, which added that the advice was given for "the benefit of the Jews."

The papers advised police that any policeman was authorized to prohibit Jewish shops from displaying such toys on the ground that it might cause public disturbances through the inciting of German youths.

REICH BARS SECURITY FOR "FLIGHT TAX" FROM JEWS OWNING HOMES

BERLIN, Sept. 22. (JTA) -- The Government today struck at the practice of local tax authorities of requiring Jews suspected of contemplating emigration to post 25 per cent of their holdings as security for the "flight tax."

Tax authorities have no right to demand security from any one residing in Germany and owning a home, the Reichsfinanzhof, supreme tax authority, declared in a ruling published in the Frankfurter Zeitung.

The largest number of victims of the local authorities' actions -- the Jews who give up their homes to reside in hotels and boarding houses -- are not covered by the order. Jews selling their homes are the chief objects of the security requirement, since local authorities fear they may emigrate without paying the required 25 per cent tax.

It was pointed out that 25 per cent of a going business amounts to much more than 25 per cent of the proceeds of liquidation, and, in many cases, the demands on the Jew for a quarter of his capital investment make it almost impossible for him to remain in business.

GERMANY TO OPEN ROTHSCHILD ARCHIVES TO NAZI EXPERTS

BERLIN, Sept. 22. (JTA) -- The archives of the German branch of the Rothschild family and other Jewish families and institutions will be opened to Nazi experts by an order to be issued shortly, it was announced today by Wilhelm Grau, head of the Jewish Research Department of the Institute for the History of the New Germany.

He said that experts now compiling anti-Jewish data will be assigned to study the archives "to reveal the Jewish role in history."

"The best way to deal with Jews is to segregate them in ghettos," Grant declared yesterday, in an address at a conference of historians in Karlsruhe.

"Emancipation of the Jews led to Bolshevism," Dr. Grau declared. "Had Karl Marx lived in a ghetto there would have been no Lenin." He assailed liberal historians as fearing to reveal the truth about the Jews.

REPORT GUSTLOFF FOUNDATION GETS CONTROL OF SIMSON WORKS

BERLIN, Sept. 22. (JTA) -- The Frankfurter Zeitung reported today that the Wilhelm Gustloff foundation, established yesterday in memory of the Nazi leader slain in Switzerland by a Jewish medical student, has been given control over the Simson munitions works, which were Jewish-owned until they were confiscated by Nazi district authorities in 1935.

Reichsfuehrer Hitler appointed District Leader Sauckel of Thuringia as director of the foundation.

LLOYD GEORGE CALLS HITLER AMONG "GREATEST" HE'S MET

LONDON, Sept. 22. (JTA) -- "Chancellor Adolf Hitler is one of the greatest of the many great men I have ever met," declared David Lloyd George in an interview with the News-Chronicle.

The wartime British Prime Minister, who saw Hitler twice on a recent trip to Germany, said that "I have never seen a happier people than the Germans," adding that the Nazi system is "a great achievement." He expressed himself as impressed by the "universal adoration" of Hitler throughout the Reich.

POLISH BOY'S CONFESSION ON AVERTS DISORDERS AGAINST JEWS

WARSAW, Sept. 22. (JTA) -- The tearful confession of a young Polish boy that he had thrown a stone through the window of a church dignitary's automobile today averted a possible attack on Jewish residents in the village of Nabilokie near Wilno.

The rock was thrown ostensibly from a Jewish house in the town, shattering the car-window of the Bishop of Wilno, who was visiting there. Despite the fact that he was uninjured, an angry crowd gathered, composed mostly of noisy youths who threatened to raid the building.

Not a moment too soon, a repentant lad was brought forward who admitted that he had hurled the missile, under the persuasion of several older boys. A number of them were arrested by police for seeking to provoke disorder.

WARSAW KEHILLA SAYS EMPHASIS ON EMIGRATION SPURS ANTI-SEMITISM

WARSAW, Sept. 22. (JTA) -- The newly-elected board of the Warsaw Jewish Community, in a resolution adopted at a meeting today, demanded equal treatment for the Jewish population, "which fulfills all the duties of citizenship like the rest of the population."

The board said it considered it "necessary to assist any emigration efforts, particularly emigration to Palestine," but expressed "the strongest possible opposition to the view that emigration alone can solve the Jewish problem."

This view, the resolution said, "has been the cause of a new anti-Semitic wave in a country which regards the Jews in Poland as aliens in their own country."

The resolution added that the Jewish masses were determined to fight for full equality.

HEAD OF BIRO-BIDJAN EXECUTIVE OUSTED AS TROTSKYITE

MOSCOW, Sept. 22. (JTA) -- Professor Joseph Liberberg, president of the Executive of Biro-Bidjan, Jewish autonomous region, was expelled from the Communist Party as a Trotskyist and counter-revolutionist, it was announced today. He was deprived of his seat in the Far East Central Executive Committee Presidium and other posts.
