AGENCY: Bureau of Industry and Security, Department of Commerce.

ACTION: Final rule.

SUMMARY: In this rule, the Bureau of Industry and Security (BIS) amends the Export Administration Regulations (EAR) by adding forty-two entities under forty-four entries to the Entity List. These entities are listed under the destinations of Armenia (3), Belarus (1), Belgium (3), China, People's Republic of (China) (1), Cyprus (4), Germany (1), Kazakhstan (1), Netherlands (1), Russia (28), and the United Arab Emirates (1). Two entities are added to the Entity List under two destinations, accounting for the difference in the totals. These entities have been determined by the U.S. Government to be acting contrary to the national security or foreign policy interests of the United States.

DATES: This rule is effective [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

SUPPLEMENTARY INFORMATION:

Background

The Entity List (supplement no. 4 to part 744 of the EAR (15 CFR parts 730-774)) identifies entities for which there is reasonable cause to believe, based on specific and articulable

facts, that the entities have been involved, are involved, or pose a significant risk of being or becoming involved in activities contrary to the national security or foreign policy interests of the United States, pursuant to § 744.11(b). The EAR impose additional license requirements on, and limit the availability of, most license exceptions for exports, reexports, and transfers (in-country) when a listed entity is a party to the transaction. The license review policy for each listed entity is identified in the “License Review Policy” column on the Entity List, and the impact on the availability of license exceptions is described in the relevant *Federal Register* document that added the entity to the Entity List. The Bureau of Industry and Security (BIS) places entities on the Entity List pursuant to parts 744 (Control Policy: End-User and End-Use Based) and 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and makes all decisions to remove or modify an entry by unanimous vote.

Entity List Decisions

Additions to the Entity List

The ERC determined to add Elem Group, LLC, under the destination of Kazakhstan, to the Entity List pursuant to § 744.11 of the EAR for posing a risk of diversion of items subject to the EAR to Russia. The ERC determined to add Hans Maria De Geetere, Knokke-Heist Support Management Corporation, and European Technical Trading BV under the destination of Belgium; Eriner Limited and The Mother Ark., under the destination of Cyprus; and Hasa Nederland B.V., under the destination of the Netherlands to the Entity List. These entities are involved in ongoing efforts to circumvent U.S. export controls on sensitive military electronics, contrary to U.S. national security and foreign policy interests under § 744.11 of the EAR. Specifically, these entities acquired and illicitly diverted U.S.-origin electronic components on

behalf of parties in China and Russia. These components can be used in military applications including missiles, unmanned aerial vehicles, electronic warfare receivers, and military radar. Further, Hans Maria De Geetere has falsified official documents and provided false end-user information to U.S. and foreign companies to circumvent export controls and sanctions. At times, these falsified documents were also used for export license applications.

The ERC determined to add two individuals, Aram Kocharyan and Hermine Kocharyan, and one company, ARM-BEKAR LLC, under the destination of Armenia; one individual, Alexander Nikolayevich Vadyunin, and one company, OOO Aviation Service Int'l, under the destinations of both Cyprus and Russia; one company, FTL GmbH, under the destination of Germany; one company, RosAero FZC, under the destination of the United Arab Emirates; and three companies, Aircompany North-West LLC, North-West Technics LLC, and RosAero JSC, under the destination of Russia to the Entity List for engaging in or enabling activities contrary to U.S. national security and foreign policy interests under § 744.11 of the EAR. Specifically, these entities and individuals are believed to have procured and transshipped U.S.-origin avionics equipment to Russia, including to governmental entities and military end users, both before and after Russia's invasion of Ukraine on February 24, 2022. For these seventeen entities under nineteen entries, BIS imposes a license requirement for all items subject to the EAR and will review license applications under a presumption of denial.

The ERC also determined to add to the Entity List, for engaging in activities contrary to the national security and foreign policy interests under § 744.11 of the EAR, the following thirteen entities: Argussoft Company LLC; AST Components; ATB Electronica LLC; Digicom, LTD.; Elektrokom VPK; Inelso LLC; Intekh LLC; JSC Yue Complex Service Solutions; PF RIELTA LLC; Prius Electronics LLC; PT Air; and YE-International AO, under the destination of Russia, and Nanotech Ltd under the destination of Belarus. Specifically, these entities have performed contracts for Russian government entities, including entities in the Russian defense sector, have engaged in dealings with entities on Entity List, including entities designated as

Russian ‘military end users’, or have dealings with entities that are subject to sanctions administered by the Department of the Treasury’s Office of Foreign Assets Control.

Additionally, the ERC determined to add Planet Technology, under the destination of China, to the Entity List on the basis of actions and activities that are contrary to the national security and foreign policy interests of the United States. Specifically, this entity has procured U.S.-origin items that were recovered from a downed Iranian drone used by Russia in Ukraine. These fourteen entities qualify as military end users under § 744.21(g) of the EAR. These entities are receiving a footnote 3 designation because the ERC has determined that they are Russian or Belarusian ‘military end users’ pursuant to § 744.21. A footnote 3 designation subjects these entities to the Russia/Belarus-Military End User Foreign Direct Product (FDP) rule, detailed in § 734.9(g). These fourteen entities are added with a license requirement for all items subject to the EAR and a license review policy of denial.

Finally, the ERC determined to add AO Geomir, AO SET-1, Dolphin Alabuga LLC, OOO Alabuga-Volokno, OOO Albatross, OOO Alb.Aero, OOO Assistagro, OOO Druzhba, OOO Geomiragro, OOO SMU5, and OOO Ural-Trast, all under the destination of Russia, to the Entity List based on information that these companies significantly contribute to Russia’s military and/or defense industrial base in connection with the development of military-grade drones in Russia. This activity is contrary to U.S. national security and foreign policy interests under § 744.11(b) and these entities qualify as military end users under § 744.21 (g) of the EAR. These entities are receiving a footnote 3 designation because the ERC has determined that they are Russian or Belarusian ‘military end users’ pursuant to § 744.21. A footnote 3 designation subjects these entities to the Russia/Belarus-Military End User Foreign Direct Product (FDP) rule, detailed in § 734.9(g) of the EAR. These eleven entities are added with a license requirement for all items subject to the EAR and a license review policy of denial for all items subject to the EAR apart from food and medicine designated as EAR99, which will be reviewed on a case-by-case basis.

For the reasons described above, this final rule adds the following forty-two entities under forty-four entries, including aliases where appropriate, to the Entity List:

Export Control Reform Act of 2018

On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which included the Export Control Reform Act of 2018 (ECRA) (50 U.S.C. 4801-4852). ECRA provides the legal basis for BIS's principal authorities and serves as the authority under which BIS issues this rule.

Rulemaking Requirements

1. This rule has been determined to be not significant for purposes of Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to or be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves an information collection approved by OMB under control number 0694-0088, Simplified Network Application Processing System. BIS does not anticipate a change to the burden hours associated with this collection as a result of this rule. Information regarding the collection, including all supporting materials, can be accessed at <https://www.reginfo.gov/public/do/PRAMain>.

3. This rule does not contain policies with federalism implications as that term is defined in Executive Order 13132.

4. Pursuant to section 1762 of the Export Control Reform Act of 2018, this action is exempt from the Administrative Procedure Act (5 U.S.C. 553) requirements for notice of proposed rulemaking, opportunity for public participation, and delay in effective date.

5. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, are not applicable. Accordingly, no regulatory flexibility analysis is required, and none has been prepared.
