Second Step® Elementary and Second Step® Middle School Digital Programs

As a convenience to elementary and middle schools, the Second Step Elementary and Second Step Middle School digital programs are purchased as K–8 schoolwide licenses. A single license aligns to your school and can be used with any configuration of Kindergarten–Grade 8, as long as the Second Step® programs are being implemented at a single school. For districts purchasing for multiple schools, each schoolwide license serves one school, whether an elementary school, middle school, or combined K–8 school.

If you're purchasing for a single school or site, pricing varies by enrollment. For multisite purchases, pricing varies by number of schools. Pricing for both is discounted to provide economies for multiyear purchases.

Second Step® SEL for Adults

Second Step SEL for Adults is a digital social-emotional learning (SEL) program that is purchased per school, so all staff can participate. The professional learning program is ongoing and subscription-based, with one-, three-, and five-year options. If you're purchasing for a single school, pricing varies according to the size of your school, defined by student enrollment. For multisite purchases, pricing varies by number of schools. Pricing for both is discounted to provide economies for multiyear purchases.

Getting Started with Your Digital Programs

Second Step® Elementary and Second Step® Middle School (Grades K–8 license)

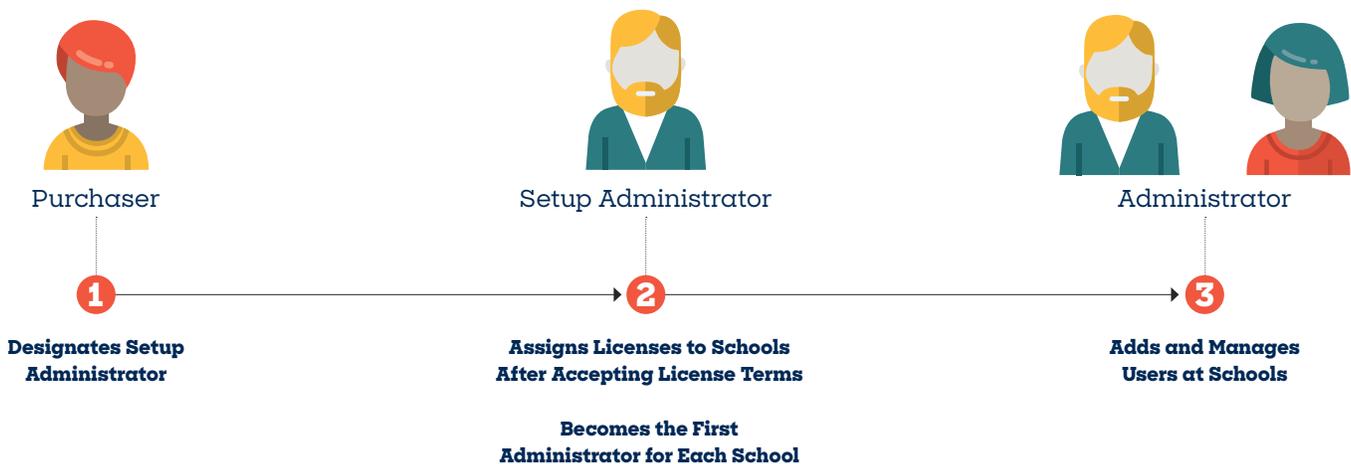

Second Step® High School

Second Step® SEL for Adults

When purchasing one of the above programs, follow these steps to get started:

1. With your order, provide a staff member’s name and their valid email address to designate them as a **Setup Administrator**. This information is required. You can use your own name or submit the name of a team member.
2. Tell your Setup Administrator that they’ll receive an email from support@secondstep.org with instructions for assigning a school to each of your licenses. General license setup information is below.

Assigning Access and Users

Helpful Tips

1. One individual may fulfill one or more roles or delegate to others. It’s helpful for each school to have at least two Administrators, including whoever will lead program implementation.
2. Verify that all email addresses are entered correctly and work with your IT team to make sure emails from SecondStep.org aren’t blocked.
3. When you add a new Second Step® license to a school with another Second Step license, existing users will automatically gain access to the new program. This is a good time to update your user list.
4. Administrators can choose to notify Teachers of their access immediately or at a later date.

For more information, see the [How to Set Up and Assign Licenses to Schools FAQ](#).
